Dear Parents,

Pasadena ISD has added three Asynchronous Remote Learning Days to the Spring 2021 semester to allow teachers and staff additional planning time due to Covid-19. These days are not student holidays. Students will be learning from home and are required to log in to their platform, complete assignments and continue to make academic progress to be counted present.

These days are:

Monday, February 1st

Monday, March 1st

Monday, April 12th

Our campus will remain open for students who may not be able to work from home. Students who must come to campus will remain in the cafeteria to work asynchronously on their computers. Students will not transition to classrooms. Transportation and meals will be provided if you need to send your child to campus. Students must bring their computer with them to work in the online platforms for every class period while remaining in the cafeteria.

Students learning from home and those needing to come to campus, will have the opportunity to Zoom with their teachers to ask questions during the scheduled time below. Zoom links will be posted in Google Classroom as well as emailed to students. This will be the only time for direct teacher support on the Asynchronous Days.
